## Make your own: VE Day bunting

Follow our instructions to make your own VE day bunting. We would love to see your finished pieces. Ask a parent to email your finished designs to [museums@westlothian.gov.uk](mailto:museums@westlothian.gov.uk) and we will share them to our Facebook page for everyone to see.

### Equipment

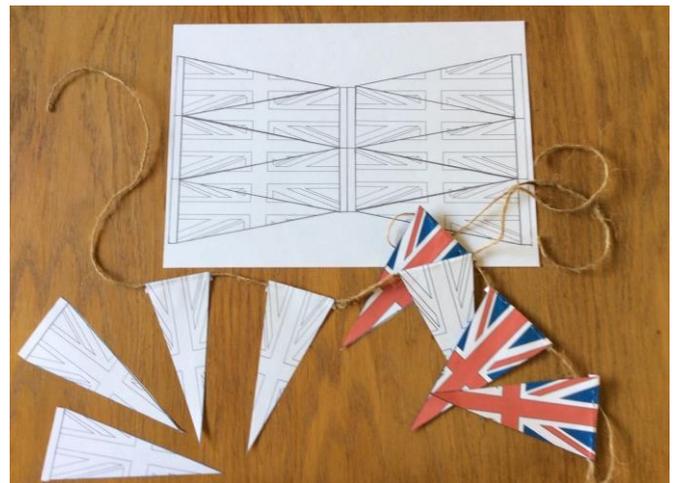

You will need:

Paper

Glue

String, garden twine, wool or strong thread

Colouring pencils or pens

### **Union Jack /Rainbow bunting**

- 1) Cut along the thick black lines to separate your flags – be careful to leave the piece at the end attached to fold over.
- 2) Colour in your flags.
- 3) Get a piece of string, garden twine, wool or strong thread the length you want your bunting to be. Fold the end piece over your string and use a glue stick to fix it in place. You can ask a parent to staple it on if you prefer.
